

## Latest news from Fujirebio Volume 26 - October 2016

We are pleased to send you the October 2016 edition of our monthly newsletter:

- Lumipulse® G Prolactin testimonial from Dr. Sylvie Romain, AP-HM, Faculté de Médecine Nord (Marseille, France): "**Prolactin: Interest in testing for Macroprolactinemia**".
- **Mesothelioma bibliography**: Peer reviewed papers to provide you with independent evidence on how adding mesothelin can aid the diagnosis of malignant pleural mesothelioma.
- Meet us at the **XIII ISVHLD** (International symposium on viral hepatitis and liver disease) in Barcelona, Spain.
- Meet us at the 48° Congresso Nazionale **SIBIOC** - Medicina di Laboratorio in Torino, Italy.
- Meet us at the X **Congreso Nacional del Laboratorio Clínico** in Zaragoza, Spain.
- Meet us at the **IGCS** 2016, International Gynecologic Cancer Society in Lisbon, Portugal.
- Are you trying to find **regulatory documents** for your Fujirebio products?

Do not hesitate to forward this email containing useful product news and background information from Fujirebio to your colleagues or partners. For instructions on how to unsubscribe from this newsletter please follow the link at the end of this newsletter.

TESTIMONIAL

### **Prolactin: Interest in testing for Macroprolactinemia**

Testimonial about testing with Lumipulse® G Prolactin on the LUMIPULSE G1200 from Dr. Sylvie Romain, Service de Transfert d'Oncologie Biologique, AP-HM, Faculté de Médecine Nord, Marseille, France.

BIOMARKER

### **Mesothelioma: Can introducing an *in vitro* diagnostic test now help you identify those with previous exposure who are at risk?**

Cases of Mesothelioma are set to increase; be prepared for quicker, non-invasive diagnosis! We have compiled a bibliography of peer reviewed papers to provide you with independent evidence on how adding mesothelin can aid the diagnosis of malignant pleural mesothelioma.
